- Group workshops are combined with an individual coach for each company, leading to an export plan in 9 weeks
- Execution driven, with a team of partners who make it easier to go-to-market and implement the plan
- Peer group model, limited to leaders from 4-8 companies, that maximizes impact and propels action
- Innovative customized workshops that avoid “death by powerpoint” and help companies extract the specific information they need
- Amplifies the impact of other export programs, helping companies get the most out of tradeshows, Gold Key services, country visits and trade missions
